

ORDINANCE NO. _____

The City Attorney has prepared the following summary of Ordinance Number _____.

Ordinance number _____ proposes an amendment to Calexico Municipal Code Section 5.20.170 regarding business license fees for taxi companies. This ordinance provides that each taxi company must pay \$25 per quarter to operate a taxi company within the City and also the company must pay \$25 per quarter per taxi permit issued to such company.

A copy of the ordinance is available for review in the City Clerk's Office at City Hall located at 608 Heber Avenue, Calexico, California. This ordinance was introduced at the regularly scheduled City Council meeting of November 18, 2008. It is scheduled for adoption at the regular meeting of December 2, 2008.

CITY COUNCIL AGENDA REPORT

SUBJECT: AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CALEXICO AMENDING CHAPTER 5.20 "LICENSE RATES" TO SET THE BUSINESS LICENSE TAX RATE FOR TAXICAB COMPANIES

AGENDA DATE: December 2, 2008

PREPARED BY: Ralph Velez, City Manager

APPROVED FOR AGENDA BY: Ralph Velez, City Manager

RECOMMENDATION: Adopt ordinance by way of title only, waive full reading of the ordinance.

FISCAL IMPACT: Increased business license revenues to the City.

CURRENT DISCUSSION: The draft ordinance proposes a clarification to the Calexico Municipal Code to charge a business license tax on a per company and per taxi permit basis. The City Council is charged with the authority to regulate and approve taxicab permits to taxi companies within the City. Currently, there are 45 taxi permits issued to three different taxicab companies (15 permits per company). This ordinance clarifies that each company must pay \$25 per quarter to operate a taxi company within the City and also the company must pay \$25 per quarter per taxi permit issued to such company. This rate is fair due to the fact that taxicabs operate in the public right of way and require City regulation to operate. Staff has polled other cities and the rates that are charged to taxi companies. Most cities do charge on a per taxi permit basis and the \$25 per quarter is within a reasonable range of the other cities polled.

Pros: Increased business license tax revenue to go to the general fund for the impact on general services of the City due to taxicab operation and some cost recovery for the regulation of the taxi cab companies.

Cons: If the City does not pass this ordinance, the City will miss out on the opportunity to capture some cost recovery for the time and services needed to regulate these companies and to be used towards the general services impacted by taxicab companies.
